

Driving directions from Geneva airport

From the Geneva Airport take the motorway towards Lausanne and take the first exit which is marked "Grand-Saconnex". Drive through Grand-Saconnex into town. Pass the Inter Continental hotel on your right, cross the Place des Nations (with the Palais des Nations on your left and the blue WIPO building on your right) and bear left onto Avenue de France. Go straight on down to the lake that you can now see. You are now on Quai Wilson.

Bearing round the corner brings you to the Quai du Mont-Blanc, and our offices are immediately on your right, opposite from the Bains des Paquis. You can park your car a little further down the road at the Kempinski Hotel.
